About Cambi

Cambi is a global supplier of biogas technology and solutions for wastewater treatment plants and anaerobic digestion facilities. Since 1992, Cambi has developed and delivered thermal hydrolysis process systems that increase biogas production, reduce biosolids volumes, and support reliable treatment across downstream routes, including land application, drying, pyrolysis, and incineration.

At the end of 2025, Cambi had 92 thermal hydrolysis reference plants in 28 countries across six continents, with total installed capacity sufficient to serve more than 120 million people. Cambi is listed on Euronext Growth Oslo under the ticker CAMBI. Find out more at cambi.com
