

Cambi ASA – CFO transition

Asker, Norway, 20 May 2026

Mats Tristan Tjemsland has informed Cambi ASA that he has decided to step down as CFO to pursue opportunities outside the company.

Tjemsland will remain in his role during a transition period until 30 November 2026 to support a smooth and orderly handover.

“Mats has played an important role in strengthening Cambi’s financial organisation and supporting the company through an important phase of development and growth. We appreciate his contributions and are pleased that he will continue to support the company during the transition period,” says Per Lillebø, CEO of Cambi ASA.

“It has been a rewarding experience being part of Cambi’s growth over the past years and working alongside such dedicated colleagues. In particular, it has been meaningful to work with a unique technology that delivers both strong economic value for customers and a positive environmental impact”, says Mats Tristan Tjemsland.

About Cambi

Cambi is a global supplier of biogas technology and solutions for wastewater treatment plants and anaerobic digestion facilities. Since 1992, Cambi has maintained market leadership through continuous innovation and a robust portfolio of proven and patented technologies. With strong project delivery and customer support capabilities, the company has delivered more than 100 well-performing installations in 28 countries on six continents.

Cambi’s thermal hydrolysis process increases renewable energy output, improves dewatering, reduces operating costs, and minimises greenhouse gas emissions. The technology is suitable for both new and existing anaerobic digestion sites and compatible with all biosolids outlets, including land application and downstream thermal processes such as drying, pyrolysis and incineration. Thermal hydrolysis is robust to regulatory changes and supports compliance with legal requirements for biosolids and waste treatment.

Cambi is listed on Euronext Growth Oslo, a multilateral trading facility in Euronext, Europe’s largest stock exchange platform. Find out more at cambi.com.
