

Subsea7 awarded contract offshore Norway

Luxembourg – 22 May 2026 - Subsea 7 S.A. (Oslo Børs: SUBC, ADR: SUBCY) today announced the award of a substantial¹ contract by Vår Energi for the Goliat Gas Export Project, located in the Barents Sea, offshore Norway.

The Goliat Gas Export Project will enable the export of gas from the Goliat field to the Hammerfest LNG plant (Melkøya) through the existing Snøhvit pipeline system.

The scope of work includes engineering, procurement, construction and installation (EPCI) of a 12.7 kilometres 10-inch uninsulated carbon steel pipeline, along with the installation of associated subsea infrastructure required to safely and reliably tie in the gas export system.

Project management and engineering activities will commence immediately from Subsea7's office in Stavanger, Norway. Offshore operations are scheduled to take place during 2027–2028.

Erik Femsteinevik, Vice President for Subsea7 Norway, said:

"We are proud to be awarded the Goliat Gas Export Project, which represents the first contract awarded under our new strategic partnership agreement² with Vår Energi. This is an important milestone that demonstrates the strong foundation of trust and collaboration already established between our organisations. Together, we share a clear commitment to early engagement, predictable delivery, and safe, efficient execution. Working closely from the outset places us in a strong position to create value and deliver a high-quality solution for this important development."

1. Subsea7 defines a substantial contract as being between \$150 million and \$300 million.
2. The strategic partnership agreement is a collaboration between Vår Energi, Subsea7 and OneSubsea, entered into on 26 March 2026.

Subsea7 is a global leader in the delivery of offshore projects and services for the evolving energy industry, creating sustainable value by being the industry's partner and employer of choice in delivering the efficient offshore solutions the world needs.

Subsea7 is listed on the Oslo Børs (SUBC), ISIN LU0075646355, LEI 222100AIF0CBCY80AH62.

Forward-Looking Statements: This document may contain 'forward-looking statements' (within the meaning of the safe harbour provisions of the U.S. Private Securities Litigation Reform Act of 1995). These statements relate to our current expectations, beliefs, intentions, assumptions or strategies regarding the future and are subject to known and unknown risks that could cause actual results, performance or events to differ materially from those expressed or implied in these statements. Forward-looking statements may be identified by the use of words such as 'anticipate', 'believe', 'estimate', 'expect', 'future', 'goal', 'intend', 'likely', 'may', 'plan', 'project', 'seek', 'should', 'strategy', 'will', and similar expressions. The principal risks which could affect future operations of the Group are described in the 'Risk Management' section of the Group's Annual Report and Consolidated Financial Statements. Factors that may cause actual and future results and trends to differ materially from our forward-looking statements include (but are not limited to): (i) our ability to deliver fixed price projects in accordance with client expectations and within the parameters of our bids, and to avoid cost overruns; (ii) our ability to collect receivables, negotiate variation orders and collect the related revenue; (iii) our ability to recover costs on significant projects; (iv) capital expenditure by oil and gas companies, which is affected by

fluctuations in the price of, and demand for, crude oil and natural gas; (v) unanticipated delays or cancellation of projects included in our backlog; (vi) competition and price fluctuations in the markets and businesses in which we operate; (vii) the loss of, or deterioration in our relationship with, any significant clients; (viii) the outcome of legal proceedings or governmental inquiries; (ix) uncertainties inherent in operating internationally, including economic, political and social instability, boycotts or embargoes, labour unrest, changes in foreign governmental regulations, corruption and currency fluctuations; (x) the effects of a pandemic or epidemic or a natural disaster; (xi) liability to third parties for the failure of our joint venture partners to fulfil their obligations; (xii) changes in, or our failure to comply with, applicable laws and regulations (including regulatory measures addressing climate change); (xiii) operating hazards, including spills, environmental damage, personal or property damage and business interruptions caused by adverse weather; (xiv) equipment or mechanical failures, which could increase costs, impair revenue and result in penalties for failure to meet project completion requirements; (xv) the timely delivery of vessels on order and the timely completion of ship conversion programmes; (xvi) our ability to keep pace with technological changes and the impact of potential information technology, cyber security or data security breaches; (xvii) global availability at scale and commercial viability of suitable alternative vessel fuels; and (xviii) the effectiveness of our disclosure controls and procedures and internal control over financial reporting. Many of these factors are beyond our ability to control or predict. Given these uncertainties, you should not place undue reliance on the forward-looking statements. Each forward-looking statement speaks only as of the date of this document. We undertake no obligation to update publicly or revise any forward-looking statements, whether as a result of new information, future events or otherwise.
