About Us

*IDEX Biometrics ASA (OSE: IDEX) develops and makes fingerprint **biometric cards for access control**, digital identity and payment. By authenticating identity through fingerprint biometrics rather than passwords, PINs or traditional credentials, IDEX enables secure and convenient access to physical and digital services. Fingerprint matching happens directly on the card, offline and without transmitting biometric data. Certified by Visa, Mastercard, FIDO2 and EAL6+, and backed by more than 250 patents and over USD 350 million invested in R&D, IDEX serves banks, enterprises and public sector organizations directly and through channel partners worldwide.*
