- Financial statements with actual figures
- Quarterly cash flow from operations impacted by anticipated effects from milestone payments on certain projects under start-up
- Net capex and leasing repayments significantly below quarterly depreciation and amortization charges
- Reversal of temporary classification of acquisition of parts of bankruptcy estate against investment in shares and business combinations
- Cash consideration (excluding consideration shares, seller's credits and net of cash balances at recognition) from M&A additionally reflected as business combinations
- Quarterly payment of interests includes leasing interests, interests on cash pool and other deposits, term loan interests and interest on settled Repstad seller's credit
- Dividend payment of NOK ~41 million
- Term loan installments of NOK ~25 million, settlement of NOK 50 million Repstad seller's credit, payment of NOK 100 million Repstad earn-out and refinancing of certain M&A balances reflected as repayment of borrowings

# Net working capital (NWC) and net financial liabilities (assets)

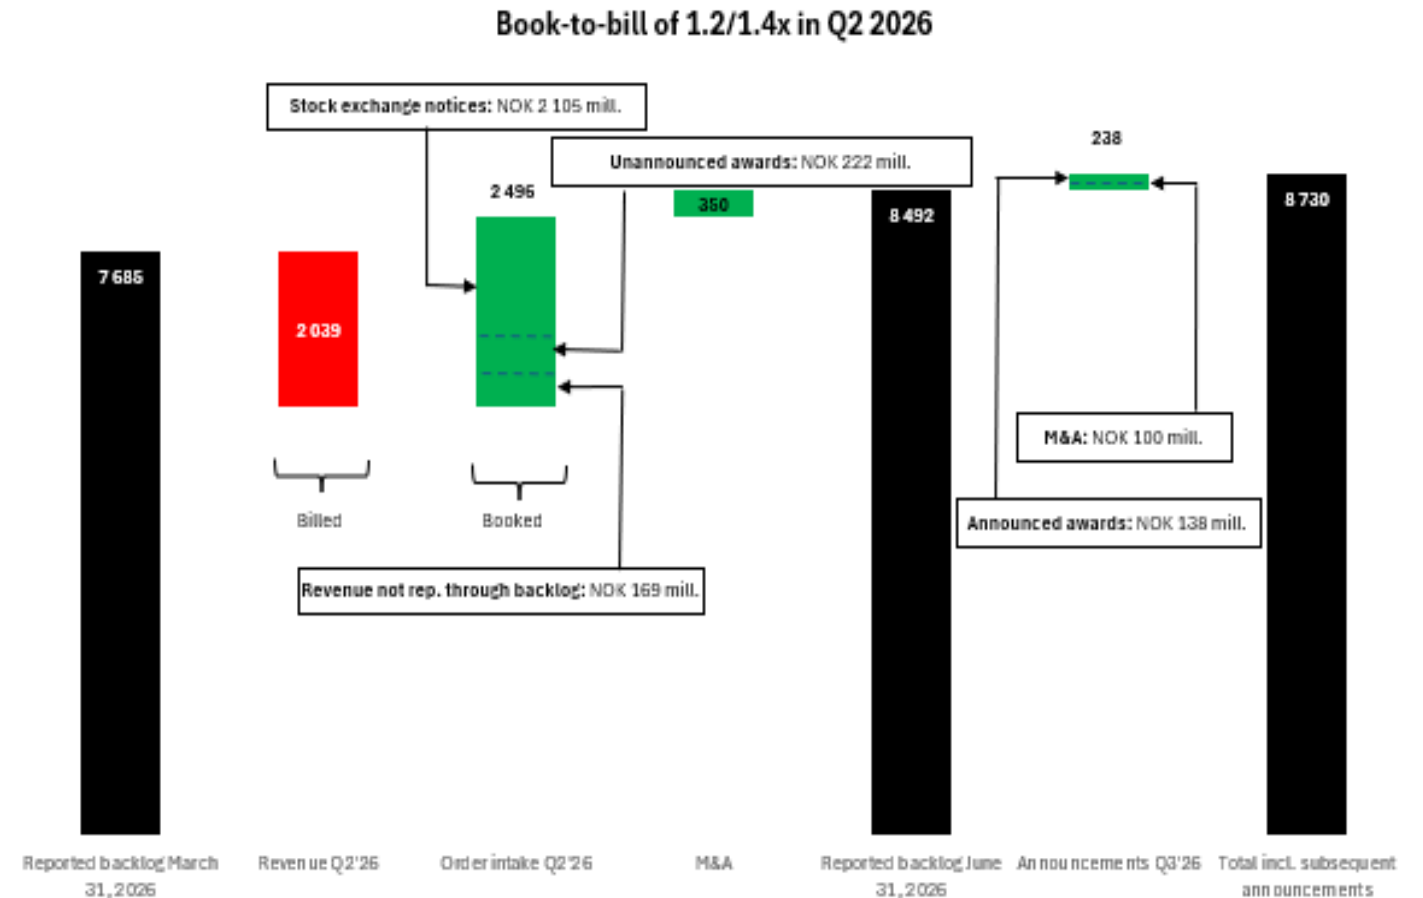

- Large negative NWC consolidated from M&A, especially the Totalbetong acquisitions in Q1 2025 (credit terms, customer prepayments, etc.)
- First quarter increase in NWC as seasonally expected (following a significant reduction in Q4 in 2025)
- Second quarter increase in NWC of NOK ~217 million impacted by anticipated effects from milestone payments on certain projects under start-up and M&A (NOK ~25 million)
- Still 82% LTM cash conversion (CFO vs. EBITDA)
- Expected decrease in NWC in H2 in 2026, as opposite effects from milestone payments is expected to more than offset tie-up from increased production after the summer break
- Actively focusing on, measuring and managing liquidity and NWC tie-up
- Calculated net financial liabilities consists of loans and borrowings (NOK 1 012 million) and cash at bank (NOK 622 million)

## Outlook and summary

# Attractive market conditions and strong backlog coverage

- **Backlog** increased after the awarded Trivium project and several awards within rehabilitation and quays
- **Salfjord** not included in the backlog (pending FID)
- Attractive **market conditions** and strong backlog **coverage** for YTG 2026, while continuously looking to strengthen the long-term backlog
- Many **outstanding bids** and high **tender activity**
- New **Norwegian National Transport Plan** for 2025–2036 favors rehabilitation, smaller projects and aquaculture, similar market outlook for the rest of **Scandinavia**
- General **maintenance gap** on critical infrastructure
- Increased budgets for spending on **defence** and favorable local market for **real estate** construction
- Long-term exponential **growth** expected from investments in land-based fish-farming facilities
- Continuously looking to enhance growth through organic **investments in service offering and work force**, as well as **targeted M&A**

# New strong quarter driven by solid infrastructure performance

Quarterly revenue of NOK 2 039 million (1 691) and all-time high EBITA of NOK 135.0 million (101) and margin of 6.6% (6.0).

Core infrastructure segments contributing with a combined growth of ~22% and ~27% in revenue and results. Solid liquidity and financial flexibility.

Attractive market conditions and increased backlog after the awarded Trivium project and a several awards within rehabilitation and quays.

Delivering on M&A strategy, active future pipeline for continued structural investments in core business segments.
