"Kid Group delivered robust revenue growth in the second quarter despite negative timing effects from Easter in Norway. Warehouse operations remained stable throughout the quarter, supporting good product availability and normal flow of goods to stores" says Marianne Fulford, CEO of Kid ASA.

The results will be presented in English at 08:30 CEST by CEO Marianne Fulford and CFO Mads Kigen as a live webcast. A recorded version of the webcast will be made available at http://investor.kid.no.
