

Soiltech awarded expanded scope on Deepsea Yantai

15.9.2026 12:40:43 CEST | Soiltech ASA | Non-regulatory press releases

Soiltech ASA (OSE: STECH)

Sandnes, Norway, 15 September 2026

Soiltech's scope on Deepsea Yantai under a contract with DNO and Elemental Energies in Norway has been expanded to include Soiltech's SmartTransfer™ technology, with effect from fourth quarter 2026. The additional scope constitutes a large contract¹ for Soiltech and covers solid waste management services on the rig and the transfer of drill cuttings to shore by PSV.

"We appreciate the continued trust our customer has placed in us. Our priority is to deliver safe, efficient and reliable operations, while creating value through high-quality services. We look forward to continuing the strong collaboration throughout the contract period," says Erik Bjøndal-Røvde, Soiltech's COO.

1. Contract sizes

A sizable contract has an estimated value of MNOK 5 – 10

A substantial contract has an estimated value of MNOK 10 – 20

A large contract has an estimated value above MNOK 20
