

Envipco signs RVM supply contract with national UK retailer

Amersfoort, 28 September 2026 – Envipco Holding N.V. ("Envipco" or "the Company"), a leading global provider of recycling systems and Reverse Vending Machine (RVM) technology has signed final RVM supply contract with a national UK retailer.

Reference is made to the Company's press release 14 July 2026 announcing the appointment as supplier to a national UK retailer for approximately 1,000 Flex RVMs, pending final contracts. Envipco is pleased to announce that the parties have signed final contracts. Delivery of RVMs under the sales and service agreement with the retailer is planned to commence in Q1 2027 and be completed by the Deposit Return Scheme (DRS) launch in October 2027.

The UK DRS market is a core element of Envipco's greenfield market growth strategy. The company has actively engaged with UK retailers and industry stakeholders since early 2020s under continuous leadership and is rapidly expanding out of its Warrington offices and demo facilities to help UK retailers prepare for the DRS launch in October 2027. Envipco's broad range of RVM technology addresses all the UK's unique store formats from small convenience to very large superstores.

About UK DRS

The United Kingdom is actively engaging and preparing to launch a national Deposit Return Scheme (DRS) across England, Scotland and Northern Ireland by 1 October 2027. The DRS comprises PET bottles and steel and aluminum cans up to 3 liter with a flat 20p deposit. Managed by the deposit management organization UK DMO, trading under Exchange for Change, the scheme targets 90% collection of the 26 billion single-use PET bottles and cans brought to market in the UK every year, making it one of the world's largest DRSs when going live. The system will require a national network of approximately 35,000 RVMs and the system operator has established a handling fee structure and grant scheme to support wide RVM deployments across the country. More information about the UK DRS can be found at www.exchangeforchange.co.uk.
