NOTES TO THE FINANCIAL INFORMATION

NOTE 13 – OPTION AND SHARE PROGRAM

An equity settled option and share program was initiated by the Company in January 2022 towards a certain key employee of the subsidiary Standard Invest AS, granting the employee the option to purchase 10 000 000 shares of the Company on the date falling 18 months after 1 August 2021 and 10 000 000 shares on the date falling 30 months after 1 August 2021 at the strike prices of NOK1,25 and NOK 1,40 respectively. Total estimated fair value of the option at the grant date was calculated in Q1 2022 to USD 1,1 million. The Company has recognized the amount of USD 708 thousands as an expense with a corresponding increase in equity and a provision for social security cost of the option program of USD 91 thousands from the grant date up to 31 December 2024.

The vesting periods of the current program end in the period between 20 January 2023 and 30 January 2024. The Company's Board of Directors has resolved to cash settle the exercised share options and the Company paid an amount to the employee equal to the difference between the exercise price of NOK 1.05 per share and the closing share price of the Company on the 17th of January 2025 of NOK 1.71 a total of USD 701 thousand.

In June 2025, the remaining 10,000,000 share options were exercised by the employee of the subsidiary through a cash settlement.
