Soiltech secures three new waste management contracts

11.11.2026 07:21:46 CET | Soiltech ASA | Non-regulatory press releases

Soiltech ASA (OSE: STECH)
Sandnes, Norway, 11 November 2026

Soiltech ASA has been awarded three contracts by undisclosed operators to provide waste management services. Combined, the contracts are classified as sizable[1].

- Fluid Treatment – STT®: Contract in the UK, expected to commence in the fourth quarter of 2026, with an estimated duration of eight months.
- Fluid Treatment – STT®: Contract in Norway, expected to be performed during the fourth quarter of 2026.
- Swarf Treatment – ST-SRS™: Contract in Norway, expected to be performed during the fourth quarter of 2026.

“These contracts confirm the strong market demand for our services, and we look forward to delivering safe, reliable and cost-effective waste management services to our clients,” says Jan Erik Tveteraas, CEO of Soiltech.

1. The contract sizes have been updated:

- A sizable contract has an estimated value of MNOK 10–20 (previously 5-10)
- A substantial contract has an estimated value of MNOK 20–40 (previously 10-20)
- A large contract has an estimated value above MNOK 40 (previously 20)

Disclosure regulation
