Aqua Bio Technology (ABT) has launched several cosmetic ingredients used in skin care products globally. The ingredient, based on the Company's unique, marine technology and other technologies, have documented positive effects on the skin. Skin care is the fastest growing segment in the cosmetics industry, where ABT's ingredients have established a foothold. In addition to ingredients from its own technology, ABT also commercializes technologies/ingredients for partners, for use in novel skin care products. Aqua Bio Technology is listed on the Axess market of the Oslo Stock Exchange.
